Welcome to England ' s beautiful Lake District, where a reluctant reunion forges a new bond between a daughter and her wayward mother.... Abby Rhodes is just starting to get her life on track. After her fiancé ' s unexpected death, she returned with her young son to the small village where she grew up and threw herself into helping her ailing grandmother run the town's beach café. Then one evening, her mother, Laura, shows up in Hartley-by-the-Sea and announces her plan to stay. After twenty years away, she now wants to focus on the future—and has no intention, it seems, of revisiting the painful past. Laura Rhodes has made a lot of mistakes, and many of them concern her daughter. But as Abby gets little glimpses into her mother's life, she begins to realize there are depths to Laura she never knew. Slowly, Abby and Laura start making tentative steps toward each other, only to have life become even more complicated when an unexpected tragedy arises. Together, the two women will discover truths both sad and surprising that draw them closer to a new understanding of what it means to truly forgive someone you love.

' Londoner Eva Verde ' s Lives Like Mine explores the theme of a school-run affair and the complications and joys it brings to a dual-heritage mother struggling with her intolerant in-laws ' Independent 'A bitter sweet story of longing and self-discovery, of deceit and regret. Visceral, authentic and funny, Eva ' s prose reads like something between a conversation and a confession. An exciting new voice and a joy to read' Kit de Waal ' Eva's writing breaks new ground in a confident and original voice, with a sharp eye for detail, wonderful characterisation and some seriously badass humour ' Yvvette Edwards, author of the Man Booker Prize longlisted novel, A Cupboard Full of Coats ' Lives Like Mine is an assured debut from a writer who ' s going to go far' Red Online ' A thought provoking read about racism and relationships' Good Housekeeping 'Londoner Eva Verde's breathtaking novel' New! 'Verde's take on race issues is both painfully realistic and thought-provoking. Full of grit, raw emotion and flawed characters you can sympathise with, you'll still feel its emotional punch days after finishing' Heat Mother. To three small children, their heritage dual like hers. Daughter. To a mother who immigrated to make a better life but has been rejected by her chosen country. Wife. To a man who loves her but who will not defend her to his intolerant family. Woman… Whose roles now define her and trap her in a life she no longer recognises… Meet Monica, the flawed heroine at the heart of LIVES LIKE MINE. With her three children in school, Monica finds herself wondering if this is all there is. Despite all the effort and the smiles, in the mirror she sees a woman hollowed out from putting everyone else first, tolerating her in-laws ' intolerance, and wondering if she has a right to complain when she ' s living the life that she has created for herself. Then along comes Joe, a catalyst for change in the guise of a flirtatious parent on the school run. Though the sudden spark of their affair is hedonistic and oh so cathartic, Joe soon offers a friendship that shows Monica how to resurrect and honour the parts of her identity that she has long suppressed. He is able to do for Monica what Dan has never managed to, enabling her both to face up to a past of guilty secrets and family estrangements, and to redefine her future.

" A powerful allegory of our civilization ' s many maladies, artfully and elegantly articulated, by one of the young wise women of our generation. " —New York Times Book Review An intelligent and madly entertaining debut novel reminiscent of The Crying of Lot 49, White Noise, and City of Glass that is at once a missing-person mystery, an exorcism of modern culture, and a wholly singular vision of contemporary womanhood from a terrifying and often funny voice of a new generation. A woman known only by the letter A lives in an unnamed American city with her roommate, B, and boyfriend, C, who wants her to join him on a reality show called That ' s My Partner! A eats (or doesn ' t) the right things, watches endless amounts of television, often just for the commercials—particularly the recurring cartoon escapades of Kandy Kat, the mascot for an entirely chemical dessert—and models herself on a standard of beauty that only exists in such advertising. She fixates on the fifteen minutes of fame a news-celebrity named Michael has earned after buying up his local Wally Supermarket ' s entire, and increasingly ample, supply of veal. Meanwhile B is attempting to make herself a twin of A, who hungers for something to give meaning to her life, something aside from C ' s pornography addiction, and becomes indoctrinated by a new religion spread throughout a web of corporate franchises, which moves her closer to the decoys that populate her television world, but no closer to her true nature.

A dark, compulsively readable psychological suspense debut, the first in a new series featuring the brilliant, fearless, chaotic, and deeply flawed Nora Watts—a character as heartbreakingly troubled, emotionally complex, and irresistibly compelling as Stieg Larsson ' s Lisbeth Salander and Jo Nesbø ' s Harry Hole. It begins with a phone call that Nora Watts has dreaded for fifteen years—since the day she gave her newborn daughter up for adoption. Bonnie has vanished. The police consider her a chronic runaway and aren ' t looking, leaving her desperate adoptive parents to reach out to her birth mother as a last hope. A biracial product of the foster system, transient, homeless, scarred by a past filled with pain and violence, Nora knows intimately what happens to vulnerable girls on the streets. Caring despite herself, she sets out to find Bonnie with her only companion, her mutt Whisper, knowing she risks reopening wounds that have never really healed—and plunging into the darkness with little to protect her but her instincts and a freakish ability to detect truth from lies. The search uncovers a puzzling conspiracy that leads Nora on a harrowing journey of deception and violence, from the gloomy rain-soaked streets of Vancouver, to the icy white mountains of the Canadian interior, to the beautiful and dangerous island where she will face her most terrifying demon. All to save a girl she wishes had never been born.
