On the contrary, it is a film that speaks to the exile. The Wizard of Oz shows that imagination can become reality, that there is no such place like home, or rather that the only home is

teaching. It is also not just about Tom Poetter, the English teacher; it is about every individual who has ever tried to educate, whether that act has taken place in a classroom, a church or synagogue, a museum, or at the kitchen table.

Teaching Again brings to life the

dance of questions that vie for attention in the mind of a teacher:
How do I convince students that they want to learn to what I'm trying to teach?
How do I make them understand that this is really actually important to them?
And, perhaps most important, how do I get them to like me,
