Group work also introduces more unpredictability in teaching, since groups may approach tasks and solve problems in novel, interesting ways. This can be refreshing for instructors. Additionally, group assignments can be useful when there are a limited number of viable project topics to distribute among students.

Introduction The success of a group work depends largely on the trust developed within group members and the way of communicate with each other. Within a group, a trust and cooperative atmosphere does not exist automatically. A positive atmosphere is building up by communications, regardless of what role each person plays.
