The national best-selling autobiography of Bill Graham, the colorful, larger-than-life architect of the modern concert industry

Recounts the life of the late rock and roll promoter, from his childhood as a Holocaust refugee, to his nearly single-handed invention of modern concert promotion and his work with the Rolling Stones, Live Aid, and Amnesty International.

A fresh look at one of the most admired American men and a giant of faith. This easy-to-read biography will encourage readers to follow Billy Graham's example and live in service to God. Millions of people have heard of Billy Graham and this book provides a glimpse into his life story.

'A compelling account of the Stones trashing America during 1972... Greenfield was allowed the kind of access journalists can only dream of today' The Times The Stones' 1972 tour of the States was perhaps their best - and certainly most notorious - ever. Their previous visit in 1969 had ended in the nightmare of Altamont; now, three years later, they had just recorded their two finest albums, Sticky Fingers and Exile on Main Street, and were musically in their prime - if also personally at their most dissolute and debauched. Robert Greenfield, one of America's finest writers, went along for the ride and came back with a riveting account of high living, excess and rock & roll fury, from the Playboy Mansion to the jail cells of Rhode Island. This was an extended tour Party, capital P, to which all America's hip, rich and glitzy were invited, from Truman Capote to Stevie Wonder, Annie Liebowitz to Hugh Hefner. The result has been acclaimed as one of the all-time classic music books. Published for some years by Helter Skelter under the title A Journey Through America with the Rolling Stones, it is now reissued by Aurum under its original title with a new introduction by the author. Robert Greenfield is also the author of Exile on Main Street: A Season in Hell with the Rolling Stones and biographies of Timothy Leary and Jerry Garcia. He lives in California.

Commemorative edition Hailed as "the world's preacher," Billy Graham enjoyed a career that spanned six decades and his ministry of faith

touched the hearts and souls of millions. In *Just As I Am*, a #1 New York Times Bestseller, Graham reveals his life story in what the Chicago Tribune calls "a disarmingly honest autobiography." With down-to-earth warmth and candor, Graham tells the stories of the events and encounters that helped shape his life. He recounts meetings with presidents, celebrities, and world leaders, including Harry S. Truman, Winston Churchill, Queen Elizabeth, and the Shah of Iran, and shares his own spiritual journey as he movingly reflects on his personal life and relationships. This is an inspirational and unforgettable portrait that will be treasured by readers everywhere.

While spreading the gospel around the world through his signature crusades, internationally renowned evangelist Billy Graham maintained a visible and controversial presence in his native South, a region that underwent substantial political and economic change in the latter half of the twentieth century. In this period Graham was alternately a desegregating crusader in Alabama, Sunbelt booster in Atlanta, regional apologist in the national press, and southern strategist in the Nixon administration. *Billy Graham and the Rise of the Republican South* considers the critical but underappreciated role of the noted evangelist in the creation of the modern American South. The region experienced two significant related shifts away from its status as what observers and critics called the "Solid South": the end of legalized Jim Crow and the end of Democratic Party dominance. Author Steven P. Miller treats Graham as a serious actor and a powerful symbol in this transition—an evangelist first and foremost, but also a profoundly political figure. In his roles as the nation's most visible evangelist, adviser to political leaders, and a regional spokesperson, Graham influenced many of the developments that drove celebrants and detractors alike to place the South at the vanguard of political, religious, and cultural trends. He forged a path on which white southern moderates could retreat from Jim Crow, while his evangelical critique of white supremacy portended the emergence of "color blind" rhetoric within mainstream conservatism. Through his involvement in the Eisenhower and Nixon administrations, as well as his deep social ties in the South, the evangelist influenced the decades-long process of political realignment. Graham's public life sheds new light on recent southern history in all of its ambiguities, and his social and political ethics complicate conventional understandings of evangelical Christianity in postwar America. Miller's book seeks to reintroduce a familiar figure to the narrative of southern history and, in the process, examine the political and social transitions constitutive of the modern South.

From the Allman Brothers Band to Frank Zappa, and through the interweaving lives of Bill Graham, Janis Joplin, Grace Slick, and Carlos Santana, author John Glatt chronicles the story of the 1960s' rock music Colossus that stood astride the East and West Coasts—Graham's twin temples of rock, the Fillmore East and Fillmore West.
