When does it make sense to write a book chapter instead of ...

A couple of weeks ago a colleague suggested that I might want to offer some advice on whether it was better to write a book, a journal article or a book chapter. Coincidentally, just this week @deevybee published a blog post which suggested that writing book chapters was a recipe for 'burying your work'.

is writing a book chapter a waste of time? | patter  
The Third Edition of this popular book reflects contemporary research as well as thinking about the role and value of play in learning and development, within and beyond early childhood. The author explores recent developments across international contexts which endorse play, and argues for critical engagement with some aspects of policy discourse in how 'educational play' is constructed.
