The Mountaineers. Helping people explore, conserve, learn about, and enjoy the lands and waters of the Pacific Northwest and beyond.

Comprehensive climbing approach, route guides to Washington's Cascades.

Comprehensive climbing approach, route guides to Washington's Cascades.

The godfather of North Cascades climbing updates the third of his seminal guides to this wild range. Included are 10 new topos, updated maps, over 100 photographs (75 with route overlays), route information and driving directions. Hikers, scramblers, serious climbers and Northwest rescue organizations, alike, have relied on Fred Beckey's Cascade Alpine Guides for decades to lead them through this wild mountain range. In addition to their comprehensiveness, the books provide a rare combination of aerial photos with route overlays, three-dimensional illustrated maps and climbing topos. The section of the North Cascades covered in this volume is roughly a pie-shaped area bounded by Hwy 97 and the Columbia River to the east, Lake Chelan to the west, and Hwy 20 to the north. Except for glaciers and some year-round snow fields, it's mostly dry, lonesome, open country, with beautiful granite spires jutting to the sky.

The only English-language climbing guide available to Bolivia's mountains, this is also the first to cover all four of its ranges. Major and alternative routes on 37 peaks are thoroughly described and are accompanied by clear topographic maps and photographs. Includes a short history of climbing in Bolivia.

* Features 100 climbing routes, including top favorite sport and crag climbing areas * Illustrated throughout with black and white photographs, several with route overlays * Highlights fun, quality climbs for all skill levels in the Cascades For years, climbers have consulted Selected Climbs in the Cascades for the region's finest, most enjoyable, most aesthetic climbs. This follow-up volume, with all-new routes, details a similar mix of walk-ups, snow climbs, scrambles, wilderness alpine routes, hard rock climbs, ice climbs, and strenuous mixed climbs, with one major addition: sport and crag climbs. There are routes here for climbers of all skill levels, making this an ideal guide for everyone from beginners looking for the easiest routes up the gentler Cascade peaks to advanced rock climbers looking for a fresh, new challenge. Like the first volume, Volume II includes detailed approach and route descriptions, permit requirements, topo maps, and photos for each climb, plus information on first ascents, equipment, areas of caution, and special considerations for climbing in the Cascades.

From established ice areas such as Alpentel and Leavenworth to routes being developed (or rediscovered) around Coulee City and Wenatchee, the word is finally out: There are ample opportunities for quality ice climbing in Washington state! Arctic Grail, The Drip, and Hanging Curtain are just a few of the hottest iceroutes that await you.

Rock Climbing and Alpine Climbing guidebook to peaks and routes in the Cascade Mountains of Washington and British Columbia.

* More than 700 color illustrations for easy identification * Expanded with new sections on mushrooms, insects, and rock identification * Handy color tabs for easy access, and quick reference index on back cover Don't just call it a mushroom when it's a golden chanterelle; know your screech owl from your saw-whet owl; distinguish a monarch butterfly from a painted lady -- all with the help of this comprehensive guide to the common plants and animals of the Cascade and Olympic Mountains. The species accounts have been updated with the latest taxonomic changes and, as before, include common name, scientific name, and description of important features, habitat, and geographic range.

Fred Beckey's 100 Favorite North American Climbs is the magnum opus of the greatest American climber of the past century. Fred 's intimate, detailed knowledge of the mountains and climbs he chronicles here create an unparalleled guidebook and must-have for every climber 's bookshelf -- as well as a great read for any armchair adventurer. Filled with hand-drawn climbing topos, photos, narrative description, side notes and 40 extra climbs of note in each of the eight geographical regions. This is the guide for every climber 's bookshelf.
