All real estate agents share one thing in common: we're all striving to get to the NEXT LEVEL of personal and professional success. We want to take our lives, our businesses, and our selves to the next level. What if you could get there, faster than you ever thought possible, by simply changing how you start your day? The Miracle Morning for Real Estate Agents beautifully blends strategy and inspiration in an enlightening parable from the bestselling authors of The Miracle Morning, (7L) The Seven Levels of Communication, and The New Rise in Real Estate. This book takes you on a journey into the lives of real estate agent Rick Masters and mortgage professional Michelle Phillips. Rick and Michelle face new challenges as the demands of their industry have left them stressed, overweight, and unfulfilled. Something has to change. They attend an event and meet other agents who have transformed their lives. Although Michelle is optimistic, Rick is skeptical. Little does Rick know, there really is a not-so-obvious secret that will transform your life in just 30 days. Discover it for yourself as you join Rick and Michelle on their life-changing journey. You'll learn how 30 days from today YOUR life and business can be everything you've always dreamed. It's your time to rise and shine!

This book provides great ideas for homeowners and other designers as it features recent interior projects by the world's leading and established architects. Personal quotes from the client and the architect result in a very personal and private glimpse in to, if designed with care, what can be considered a haven for relaxation.

LTE-Advanced is the new Global standard which is expected to create a foundation for the future wireless broadband services. The standard incorporates all the latest technologies recently developed in the field of wireless communications. Presented in a modular style, the book provides an introductory description for beginners as well as practical guidelines for telecom specialists. It contains an introductory module that is suitable for the initial studies of the technology based on the 3GPP Release 10, 11 and beyond of LTE and SAE. The latter part of the book is suitable for experienced professionals who will benefit from the practical descriptions of the physical core and radio network planning, end-to-end performance measurements, physical network construction and optimization of the system. The focus of the book is in the functioning, planning, construction, measurements and optimization of the radio and core networks of the Release 10 and beyond of the 3GPP LTE and SAE standards. It looks at the practical description of the Advanced version of the LTE/SAE, how to de-mystify the LTE-Advanced functionality and planning, and how to carry out practical measurements of the system. In general, the book describes "how-to-do-it" for the 4G system which is compliant with the ITU-R requirements.

"The Development of Children aims to provide students with a broad framework for understanding children's development. Written by a team of experts, topics covered include infancy, early childhood, diseases, and mental development." --WorldCat.
