If F Ragons Llustrated Tories Nne Ccaffrey

This book contains four short stories (or maybe novellas) about the young people of Pern. Unlike most of the main novels, these are coming-of-age stories, with the main characters ranging from about 10 to 18 years of age. A Gift of Dragons is reminiscent of the author's young-adult Harper Hall trilogy in theme, but more juvenile in writing style.

T. A. Hoffmann) The Little Match Girl...

Edmund Spenser's vast epic poem The Faerie Queene is the most challenging masterpiece in early modern literature and is praised as the work most representative of the Elizabethan age. In it he fused traditions of medieval romance and classical epic, his religious and political allegory creating a Protestant alternative to the Catholic romances rejected by humanists and Puritans. The poem was later made over as children's literature, retold in lavish volumes and schoolbooks and appreciated in pedagogical studies and literary histories. Distinguished writers for children simplified the stories and noted artists illustrated them. Children were less encouraged to consider the allegory than to be inspired to the moral virtues. This book studies The Faerie Queene's many adaptations for a young audience in order to provide a richer understanding of both the original and adapted texts.

This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices.
