Biography 11 December 1936, HRH The Duke of Windsor from 1936 to 1972 (born 23 June 1894 in White Lodge Richmond, Surrey, England; died 28 May 1972 in Paris, France).

Drawing on Edward VIII's diaries and love letters and on the private papers of Chamberlain, Churchill, and Baldwin, this biography reveals the man who gave up a throne for love

Before he fell in love with Wallis Simpson, Edward VIII had fallen in love with America. As a young Prince of Wales, Edward witnessed the birth of the American century at the end of the First World War and, captivated by the energy,

Download Free King Edward VIII The Official

confidence, and raw power of the USA as it strode onto the world stage, he paid a number of subsequent visits: surfing in Hawaii; dancing with an American shop-girl in Panama; and partying with the cream of New York society on Long Island. Eventually, of course, he fell violently in love with Wallis, a Southern belle and latter-day Scarlett O'Hara. Forceful, irreverent, and sassy, she embodied everything that Edward admired about modern America. But Edward's fascination with America was not unreciprocated. America was equally fascinated by the Prince, especially his love life, and he became an international media celebrity through newsreels, radio, and the press. Indeed, even in the decades after his abdication in 1936, Edward remained a celebrity in the US and a regular guest of Presidents and the elite of American society.

The thrilling and definitive account of the Abdication Crisis of 1936 On December 10, 1936, King Edward VIII brought a great international drama to a close when he abdicated, renouncing the throne of the United Kingdom for himself and his heirs. The reason he gave when addressing his subjects was that he could not fulfill his duties without the woman he loved—the notorious American divorcee Wallis Simpson—by his side. His actions scandalized the establishment, who were desperate to avoid an international embarrassment at a time when war seemed imminent. That the King was rumored to have Nazi sympathies only strengthened their determination that he should be forced off the throne, by any means necessary. Alexander Larman's *The Crown in Crisis* will treat readers to a new, thrilling view of this legendary story.

Download Free King Edward VIII The Official

Biography Informed by revelatory archival material never-before-seen, as well as by interviews with many of Edward's and Wallis's close friends, Larman creates an hour-by-hour, day-by-day suspenseful narrative that brings readers up to the point where the microphone is turned on and the king speaks to his subjects. As well as focusing on King Edward and Mrs. Simpson, Larman looks closely at the roles played by those that stood against him: Prime minister Stanley Baldwin, his private secretary Alec Hardinge, and the Archbishop of Canterbury Cosmo Lang. Larman also takes the full measure of those who supported him: the great politician Winston Churchill, Machiavellian newspaper owner Lord Beaverbrook, and the brilliant lawyer Walter Monckton. For the first time in a book about the abdication, readers will read an in-depth account of the

assassination attempt on Edward's life and its consequences, a first-person chronicle of Wallis Simpson's scandalous divorce proceedings, information from the Royal Archives about the government's worries about Edward's relationship with Nazi high-command Ribbentrop and a boots-on-the-ground view of how the British people saw Edward as they watched the drama unfold. You won't be able to put down *The Crown in Crisis*, a full panorama of the people and the times surrounding Edward and the woman he loved.

The previously untold story of the hidden politics that went on behind the scenes during the handling of the Royal abdication crisis of 1936. *The King Who Had to Go* describes the harsh realities of how the machinery of government responds when even the King steps out of line. It reveals the pitiless and insidious

Download Free King Edward VIII The Official

battles in Westminster and Whitehall that settled the fate of the King and Mrs Simpson. Prime Minister Stanley Baldwin had to fight against ministers and civil servants who were determined to pressure the King into giving up Mrs Simpson and, when that failed, into abdicating. Dubious police reports on Mrs Simpson's sex life poisoned the government's view of her and were used to blacken her reputation. Threats to sabotage her divorce were deployed to edge the King towards abdication. Covert intelligence operations convinced the hardliners that the badly coordinated and hopeless attempts of the King's allies, particularly Winston Churchill, to keep him on the throne amounted to a sinister anti-constitutional conspiracy. The book also shows how the King doomed his chances of keeping the throne by wildly unrealistic goals and ill-thought-out schemes. As each side was

Download Free King Edward VIII The Official

Biography overwhelmed by desperation and distrust, Baldwin somehow held the balance and steered the crisis to as smooth a conclusion as possible.

'After my death,' George V said of his eldest son and heir, 'the boy will ruin himself within twelve months.' The forecast proved uncannily accurate. Edward VIII came to the throne in January 1936, provoked a constitutional crisis by his determination to marry the American divorcée Wallis Simpson, and abdicated in December. He was never crowned king. In choosing the woman he loved over his royal birthright, Edward shook the monarchy to its foundations. Given the new title 'Duke of Windsor' and essentially sent into exile, he remained a visible skeleton in the royal cupboard until his death in 1972 and he haunts the house of Windsor to this day. Drawing on

Download Free King Edward VIII The Official

Biography material, notably unpublished correspondence with his most loyal (though much tried) supporter Winston Churchill, Piers Brendon's superb biography traces Edward's tumultuous public and private life from bright young prince to troubled sovereign, from wartime colonial governor to sad but glittering expatriate. With pace and panache, it cuts through the myths that still surround this most controversial of modern British monarchs.

EDWARD VIII was heralded as the definitive biography of the ex-King and awarded the prestigious Wolfson Prize when it was first published in 1974. Since then no book on the subject has come close to Frances Donaldson's in scholarship or detachment and this re-issue also features the extra material added to the text in 1986.

The explosive new book by the bestselling author of *The Mountbattens*.

For fans of the Netflix series *The Crown* and from the author of the New York Times bestseller *17 Carnations* comes a captivating biography of Wallis Simpson, the notorious woman for whom Edward VIII gave up the throne. "You have no idea how hard it is to live out a great romance." -Wallis Simpson Before she became known as the woman who enticed a king from his throne and birthright, Bessie Wallis Warfield was a prudish and particular girl from Baltimore. At turns imaginative, ambitious, and spoiled, Wallis's first words as recalled by her family were "me, me." From that young age, she was in want of nothing but stability, status, and social acceptance as she fought to climb the social ladder and

Biography
take her place in London society. As irony would have it, she would gain the love and devotion of a king, but only at the cost of his throne and her reputation. In WALLIS IN LOVE, acclaimed biographer Andrew Morton offers a fresh portrait of Wallis Simpson in all her vibrancy and brazenness as she transformed from a hard-nosed gold-digger to charming chatelaine. Using diary entries, letters, and other never-before-seen records, Morton takes us through Wallis's romantic adventures in Washington, China, and her entrance into the strange wonderland that is London society. During her journey, we meet an extraordinary array of characters, many of whom smoothed the way for her dalliance with the king of England, Edward VIII. WALLIS IN LOVE goes beyond Wallis's infamous persona and reveals a complex, domineering woman striving to determine her own fate and grapple with matters of
