I furiously blinked back my tears. "You think I'm

a geek." My body started trembling. My best friend thought I was fat and ugly. If she thought it, then probably everyone did. Suddenly I hated myself. My stupid ugly self. Abby Rivers is not prepared to be betrayed by her best friend, Claire, in the middle of her eighth-grade year; but in the blink of an eye, their

friendship is over. Now she finds herself hiding in the bathroom during lunch to avoid the humiliation of eating alone. Not only is Abby dealing with the loss of Claire, but she's also failing algebra. Her parents won't allow her to play basketball, the one thing she excels in, if she doesn't pass algebra by the time the

practices start. Abby has to ace the big test or she'll be sitting the bench. In *The Truth about Pimple-Faced Geeks*, Abby has to decide whose voice she's going to listen to. With the help of the school loner and a past teacher, Abby discovers what God truly thinks about her.

Renowned biblical sleuth and scholar Richard Elliot Friedman reveals the first work of prose literature in the world—a 3000-year-old epic hidden within the books of the Hebrew Bible. Written by a single, masterful author but obscured by ancient editors and lost for millennia, this brilliant epic of love, deception,

Online Library Kobelco Sk200

war, and redemption is a compelling account of humankind's complex relationship with God. Friedman boldly restores this prose masterpiece-the very heart of the Bible-to the extraordinary form in which it was originally written.

The last thing Natalia Kristoff expected was

that her friend's wild dream to find her a fake husband for a Green Card would have any sort of success. Yet here she is, sitting in a private booth, listening to the sexiest man she's ever seen lay out the details of just what he needs from her. IN return, he's going to sign the papers that stand between her and her

Kirell Ursa has a problem. A big one. His bear shifter family is in shambles, struck from within by traitors. With no one in charge of

If he's going to pull off this scheme, he must find a mate in the next 72hrs. Someone. Anyone. All they have to do is pretend to love him for a few days. Things get off to a

As he slowly exposes Natalia to the truth, she's forced to come to grips with the existence of another world, one she never thought existed. Once a pristine, natural paradise, CHIMA has become a battle ground for eight animal tribes.

Best friends are now enemies. The animals fight for control of a natural resource called CHI, a powerful element that is both a source of life and potential destruction.

Only a few brave heroes
