This is part of a six-level English course (foundation-level to level five) for pupils between five and 12-years-old. The course employs a twin-track structure that enables teachers to underpin students' language development with a rigorous skills programme. There are two pupil's books at each level: a skills book, covering comprehension (with emphasis on literal), grammar, punctuation, vocabulary and spelling; and a development book, covering comprehension (with emphasis on inferential), the craft of quality writing, forms of writing, styles of writing and composition skills. Each level also has a teacher's resource book which supports both tracks, includes photocopiable activity sheets and correlations for all UK curricula, suggests strategies for developing listening and speaking skills, and helps support record-keeping and assessment.

Nelson English International is a structured English course, which has been specifically developed to meet the requirements of overseas students.

The Teachers Resource Book will show how the course provides an underpinning structure to the teaching of English, focusing particularly on the knowledge, skills and understanding of writing, while giving ample opportunity for reading, listening and speaking.

Nelson English International teaches the skills and craft of quality writing, catering for the 6-12 year age range, and provides a six year programme of study. It is easily managed in the classroom, with three components at each level: a student textbook; a student workbook; and a teacher resource book. The student textbook gives a thorough coverage of the key skills of grammar, spelling, punctuation, comprehension and vocabulary building. The units are designed to build pupils' knowledge of these language skills and apply them in their written tasks, with the aim of writing effectively for a wide range of purposes. Planning, drafting, revising and editing copy are all covered in developing these writing skills. Students are also taught to understand the characteristics of different styles and forms of writing. .

Nelson English has been specifically designed to ensure that you cover the basics of the National Curriculum and other UK curricula. Activities cover NLS Text, Word and Sentence Level objectives.
