In The Valhalla Call we bring the Hayden War Arc that began in On Silver Wings to its startling conclusion. Newly minted Lieutenant Sorilla Aida has a new mission and new allies, gear, and support as she is tasked with a job that could ensure that the human race stands a chance of reaching a technical parity with the mysterious alien alliance.

Open Arms is a worthy addition to an already-great series. The book is excellently written, with Mr. Currie's typically great characterization and action sequences. Sorilla Aida is one of my all-time favorite characters anywhere. The book is more than worthy of a five-star review, in every way but one: the story doesn't quite feel complete.

~~Open Arms On Silver Wings Book 7 - h2opalermo.it~~

On Silver Wings is a fairly enjoyable read: it has likable characters, a serviceable premise (alien invasion of a newly-colonized planet) and basic respect for the laws of physics. It's hard not to find yourself cheering for Sergeant Aida, and some of the technology that the writer showcases—the smart guns and the powered armor in particular—have a very cool feel.

"With the fate of the free world hanging in the balance, women pilots went aloft to serve their nation. . . . A soaring tale in which, at long last, these daring World War II pilots gain the credit they deserve."--Liza Mundy, New York Times bestselling author of Code Girls "A powerful story of reinvention, community and ingenuity born out of global upheaval."--Newsday When the Japanese attacked Pearl Harbor in December 1941, Cornelia Fort was already in the air. At twenty-two, Fort had escaped Nashville's debutante scene for a fresh start as a flight instructor in Hawaii. She and her student were in the middle of their lesson when the bombs began to fall, and they barely made it back to ground that morning. Still, when the U.S. Army Air Forces put out a call for women pilots to aid the war effort, Fort was one of the first to respond. She became one of just over 1,100 women from across the nation to make it through the Army's rigorous selection process and earn her silver wings. The brainchild of trailblazing pilots Nancy Love and Jacqueline Cochran, the Women Airforce Service Pilots (WASP) gave women like Fort a chance to serve their country--and to prove that women aviators were just as skilled as men. While not authorized to serve in combat, the WASP helped train male pilots for service abroad, and ferried bombers and pursuits across the country. Thirty-eight WASP would not survive the war. But even taking into account these tragic losses, Love and Cochran's social experiment seemed to be a resounding success--until, with the tides of war turning, Congress clipped the women's wings. The program was disbanded, the women sent home. But the bonds they'd forged never failed, and over the next few decades they came together to fight for recognition as the military veterans they were--and for their place in history.

An elite squadron must go undercover behind enemy lines in this thrilling new space adventure from the author of the Odyssey One series. Humanity has reached an uneasy truce with the Empire--but unless the allies bring the fight to the enemy, extinction is all but assured. In preparation for the inevitable next war, Commander Stephen Michaels is at the helm of the Archangel Squadron, and his orders are simple: go rogue. Disguised as mercenaries, Commander Michaels and the Archangels seek valuable intelligence on their imposing foe. Their mission takes them deep into uncharted territory, where they make inroads with the Empire, fiercely guarding their true identities and purpose. Fighting for the enemy goes against everything they stand for, but these are desperate times. As their deception increases, so does the risk. With the Empire's deadliest secrets within reach, Commander Michaels and the Archangels accept a mission that will take them even deeper into the Imperial fold. They know all too well that one wrong step won't just end their lives--it could end their entire civilization.

Paul McAllister, an aging military retiree, wants nothing more at this point in his life than to put the wars, cancer, and death of his wife behind him as he numbly glides into his final years doing the only thing he still enjoys - selling weapons and his services as a gunsmith on the gun show circuit of the American southwest.Driving down the road in the Mesilla Valley of southern New Mexico, sandwiched in the few hundred yards between the Robledo Mountains to the West and the Rio Grande to the East, Paul loses consciousness while returning home from a gun show. An hour later, he regains consciousness finding himself swept away on the tides of time. Is he really in the past? Is he dreaming? Is he in the midst of a psychotic episode? So begins his journey of discovery. In the process, he fights Apache, Comanche, and Navajo warriors, discovers his roots, mines gold, finds love and friendship, and makes powerful enemies, all while establishing a home in the Mesilla Valley on the banks of the Rio Grande.

Reissuing works originally published between 1971 and 1981, this compact set offers an outstanding collection of scholarship devoted to 19th Century, Victorian, theatre. A small set of performance history and criticism, this set includes a biography of Henry Irving, a look at the rise of the status of a career as actor, and a consideration of the advent of dramatic criticism. These volumes present together a lively picture of the development of the contemporary theatre.

The Beauty of Wings is a magical true story of inner transformation. It unravels the details of author Alexandra Mika's healing journey, from an excruciatingly painful childhood of bullying, exclusion, and asthma to her mid-twenties filled with anorexia, pneumonia, panic, and suffocation to near death. Through dedication and determination Alexandra propels herself out of dark waters and comes home to her natural state of bliss, radiant health, and love. Journey with Alexandra on a pilgrimage of self-awakening through Reiki (energy healing), a profound connection with an extraordinary horse, connecting deeply with the natural world, yoga, and learning to love herself unconditionally. Through the metaphor of lungs as butterfly wings, readers journey from the dark isolation of the cocoon into the freedom and majestic nature of the butterfly. The Beauty of Wings reveals the unlimited potential of the human spirit and the capacity within the heart for healing, transformation, and unconditional love. "The Beauty of Wings is the story of an incredible journey of inner awakening, a story concerned with the task of learning to love oneself. This remarkable young woman has achieved what we would call "speaking oneself into being" through aligning her inner and outer speech with positive thinking and rising above any and all of life's obstacles through determination. Her true story demonstrates the power of consistent positive thoughts to heal the body, heal the mind, and to positively change one's life." -Pia Smith Orlean & Cullen Baird Smith, authors of Conversations With Laarkmaa, Remembering Who We Are and The Return of the Feminine. "With great courage and honesty, Alexandra shares from the heart her story of struggle and pain, to surrender, healing and empowerment. From suffering to triumph, she speaks her truth and grows her wings to fly to new heights spreading the message of hope and beauty, as do the butterflies that have always been with her." -Tara Cindy Sherman, ERYT-500

Nothing ever happens in Norway. But at least Ellie knows what to expect when she visits her grandmother: a tranquil fishing village and long, slow summer days. And maybe she'll finally get out from under the shadow of her way-too-perfect big brother, Graham, while she's there. What Ellie doesn't anticipate is Graham's infuriating best friend, Tuck, tagging along for the trip. Nor did she imagine boys going missing amid rumors of impossible kidnappings. Least of all does she expect that something powerful and ancient will awaken in her and that strange whispers will urge Ellie to claim her place among mythological warriors. Instead of peace and quiet, suddenly there's a lot for a girl from L.A. to handle on a summer sojourn in Norway! And when Graham vanishes, it's up to Ellie--and the ever-sarcastic, if undeniably alluring, Tuck--to uncover the truth about all the disappearances and thwart the nefarious plan behind them. Deadly identities, hidden identities, and tentative romance swirl together in one girl's unexpectedly epic coming-of-age.

[In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.--Back cover.

A gripping WWII thriller in the bestselling vein of Ken Follett, Daniel Silva, and Jack Higgins that draws on the author Tom Young's military expertise to create a edge-of-your-seat WWII thriller. Lieutenant Karl Hagan earned his wings the hard way. But when his plane is shot down behind enemy lines, he's forced to make the hardest decision of his life: trusting the enemy. Oberleutnant Wilhelm Albrecht wore his Iron Cross with pride. But when his U-boat is attacked in a devastating air raid, he abandons ship and finds an unlikely ally: the pilot who bombed him. It is November of 1944. The tides of war have turned. Allies have taken back France, and German troops have retreated. But for Karl and Wilhelm, the war is far from over. Each must be prepared to lie for the other, fight for the other, or die with the other. But their short-lived alliance won't truly be put to the test until they reach the end of the line--inside a POW camp . . . "A rip-snorting adventure story.Two men on opposite sides of the global hostilitiesare thrust together by wartime fatesand forced to trust and help each other for their mutual survival. . . . If you read only one story about World War II,this is a great one to choose." -New York Journal of Books

The first novel of the Black Wings urban fantasy series, by Christina Henry, author of Alice and Lost Boy. As an Agent of Death, Madeline Black is responsible for escorting the souls of the dearly departed to the afterlife. It's a 24/7 job with a lousy benefits package. Maddy's position may come with magical abilities and an impressive wingspan, but it doesn't pay the bills. And then, there are her infuriating boss, tenant woes, and a cranky, popcorn-loving gargoyle to contend with. Things starts looking up, though, when tall, dark, and handsome Gabriel Angeloscuro agrees to rent the empty apartment in Maddy's building. It's probably just a coincidence that as soon as he moves in, demons appear on the front lawn. But when an unholy monster is unleashed upon the streets of Chicago, Maddy discovers powers she never knew she possessed. Powers linked to a family legacy of tarnished halos. Powers that place her directly between the light of Heaven, and the fires of Hell...
