Earthseed is a fictional religion created by Lauren Oya Olamina, one of Octavia Butler 's characters in her wonderful science-fiction novels The Parable of the Sower and The Parable of the Talents. Earthseed serves as an intellectual ancestor for its namesake SolSeed, a real-life movement which has some quasi-religious aspects.

<b>Earthseed—SolSeed</b>
Earthseed is a religion based on the idea that " God is Change". It is the creation of Octavia E. Butler, as revealed by her character Lauren Oya Olamina in the books: Parable of the Sower and Parable of the Talents. (A third book of the trilogy, Parable of the Trickster, was not completed before Butler's death.)

Her single-mindedness in teaching Earthseed may be her only chance to survive, but paradoxically, may cause the ultimate estrangement of her beloved daughter. Parable of the Talents is told from both mother's and daughter's perspectives, but it is the narrative of Lauren's grown daughter, who has seen her mother made into a deity of sorts, that is the most compelling.
