This subspecialty addresses the two major psychological

dimensions of cancer:

the psychological responses of patients to cancer at all stages of

the disease, and that of their families and

caretakers; and the

psychological,

behavioral and social

factors that may

Pediatric Psycho-

Oncology is an ideal resource for helping

pediatric oncologists and nurses recognize

when it may be best to refer patients to their

mental health colleagues and for those who are

establishing pediatric oncology services or

adding psychosocial components to existing
