...

Leader contends that the medical community has over-medicated the problems of mourning and melancholia, causing a decline in the communicative, voiced aspects of psychotherapy that permit people to engage in a "dialogue of mournings."

Psychotherapy permits a verbalization of the unconscious causes of mourning an

mourning and melancholia were part of the psychological lexicon. Today, in a world of rapid diagnoses, quick cures, and big pharmaceutical dollars, the catch-all concept of depression has evolved to take their place. In *The New Black*, Darian Leader argues that this shift is more than semantic; rather, it speaks to our culture's complicated relationship with loss, suffering, and grief.
