September 17, 2017 August 16, 2019 After reading, and loving, Webb's sequel to Frances Hodgson Burnett's 'The Secret Garden,' I was delighted to see learn that she had also reimagined Hodgson Burnett's beloved classic 'The Little Princess,' but set against the tempestuous backdrop of the Suffragette movement of the early 20th century.

Shortlisted for the Slightly Foxed Best First Biography Prize Winner of the Eastern Eye Alchemy Festival award for Literature In 1876 Sophia Duleep Singh was born into royalty. Her father, Maharajah Duleep Singh, was heir to the Kingdom of the Sikhs, a realm that stretched from the lush Kashmir Valley to the craggy foothills of the Khyber Pass and included the mighty cities of Lahore and Peshawar. It was a territory irresistible to the British, who plundered everything, including the fabled Koh-I-Noor diamond. Exiled to England, the dispossessed Maharajah transformed his estate at Elveden in Suffolk into a Moghul palace, its grounds stocked with leopards, monkeys and exotic birds. Sophia, god-daughter of Queen Victoria, was raised a genteel aristocratic Englishwoman: presented at court, afforded grace-and-favour lodgings at Hampton Court Palace and photographed wearing the latest fashions for the society pages. But when, in secret defiance of the British government, she travelled to India, she returned a revolutionary. Sophia transcended her heritage to devote herself to battling injustice and inequality, a far cry from the life to which she was born. Her causes were the struggle for Indian independence, the fate of the Lascars, the welfare of Indian soldiers in the First World War – and, above all, the fight for female suffrage. She was bold and fearless, attacking politicians, putting herself in the front line and swapping her silks for a nurse's uniform to tend wounded soldiers evacuated from the battlefields. Meticulously researched and passionately written, this enthralling story of the rise of women and the fall of empire introduces an extraordinary individual and her part in the defining moments of recent British and Indian history.

Rebel, Princess, Suffragette: this is the incredible true story of the life of Princess Sophia Duleep Singh, a forgotten heroine of the early twentieth century.

'We women are roused. Now that we are roused, we will never be quiet again' Bringing together the voices of women who fought for equal rights and representation - from aristocrats and actresses to mill workers and trade unionists - these speeches, pamphlets, letters and articles form an inspiring testament to the power of a movement. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

Popular depictions of campaigns for women's suffrage in films and literature have invariably focused on Western suffrage movements. The fact that Indian women built up a vibrant suffrage movement in the twentieth century has been largely neglected. The Indian 'suffragettes' were not only actively involved in campaigns within the Indian subcontinent, they also travelled to Britain, America, Europe, and elsewhere, taking part in transnational discourses on feminism, democracy, and suffrage. Indian Suffragettes focuses on the different geographical spaces in which Indian women were operating. Covering the period from the 1910s until 1950, it

shows how Indian women campaigning for suffrage positioned themselves within an imperial system and invoked various identities, whether regional, national, imperial, or international, in the context of debates about the vote. Significantly, this volume analyses how the global connections that were forged influenced social and political change in the Indian subcontinent, highlighting Indian mobility at a time when they were colonial subjects.

Marking the centenary of female suffrage, this definitive history charts women's fight for the vote through the lives of those who took part, in a timely celebration of an extraordinary struggle. An Observer Pick of 2018 A Telegraph Book of 2018 A New Statesman Book of 2018 Between the death of Queen Victoria and the outbreak of the First World War, while the patriarchs of the Liberal and Tory parties vied for supremacy in parliament, the campaign for women's suffrage was fought with great flair and imagination in the public arena. Led by Emmeline Pankhurst and her daughters Christabel and Sylvia, the suffragettes and their actions would come to define protest movements for generations to come. From their marches on Parliament and 10 Downing Street, to the selling of their paper, Votes for Women, through to the more militant activities of the Women's Social and Political Union, whose slogan 'Deeds Not Words!' resided over bombed pillar-boxes, acts of arson and the slashing of great works of art, the women who participated in the movement endured police brutality, assault, imprisonment and force-feeding, all in the relentless pursuit of one goal: the right to vote. A hundred years on, Diane Atkinson celebrates the lives of the women who answered the call to 'Rise Up'; a richly diverse group that spanned the divides of class and country, women of all ages who were determined to fight for what had been so long denied. Actresses to mill-workers, teachers to doctors, seamstresses to scientists, clerks, boot-makers and sweated workers, Irish, Welsh, Scottish and English; a wealth of women's lives are brought together for the first time, in this meticulously researched, vividly rendered and truly defining biography of a movement.

Shortlisted for the Carnegie Medal 2019, National Book Award, Books Are My Bag Readers' Awards and the YA Book Prize Through rallies and marches, in polite drawing rooms and freezing prison cells and the poverty-stricken slums of the East End, three courageous young women join the fight for the vote. Evelyn is seventeen, and though she is rich and clever, she may never be allowed to follow her older brother to university. Enraged that she is expected to marry her childhood sweetheart rather than be educated, she joins the Suffragettes, and vows to pay the ultimate price for women's freedom. May is fifteen, and already sworn to the cause, though she and her fellow Suffragists refuse violence. When she meets Nell, a girl who's grown up in hardship, she sees a kindred spirit. Together and in love, the two girls start to dream of a world where all kinds of women have their place. But the fight for freedom will challenge Evelyn, May and Nell more than they ever could believe. As war looms, just how much are they willing to sacrifice?
