GREEN/UNNATURAL INQUIRER

Before he can marry his true love, John Taylor must race to solve one more case which has him fleeing from friends, enemies and his bounty hunter fiancée, Suzie Shooter, the most fearsome in Nightside. Reprint. 25,000 first printing.

With the fate of his world at stake, John Taylor, a detective gifted with the ability to find lost things, must prevent his not-quite-human mother from destroying the Nightside.

Welcome to the Nightside. For those foolish enough to seek it out, it's literal tourist trap, populated by beings, human and otherwise, who have never seen the sun rise. A place where your dreams can come true▯as long as your nightmares don't get you first. My name is John Taylor. I'm a PI with a special talent for finding lost things. I'm also the reluctant owner of a very special▯and dangerous▯weapon: Excalibur, the legendary sword (which isn't what you think it is, and never was). Excalibur chose me, and to find out why, I'll have to consult the last defenders of Camelot, a group of knights who dwell in a place that some find more frightening than the Nightside. London Proper. It's been years since I've been back▯and there are good reasons for that!

The name's John Taylor. I'm a PI, though what I really do is find things that are lost. I work the Nightside, the city within the city of London, where the sun never rises and where the human and inhuman go to get their kicks, provided they're willing to pay the price in whatever currency the seller demands. In the wake of the war that almost brought the Nightside to total ruin, there's a power vacuum begging to be filled▯and some think I should take charge. I don't agree. Neither does the immortal known as the Griffin. Wealthy beyond reason, he has his own ideas about who should be running things. Still, when his granddaughter▯and designated heir▯is kidnapped, he calls on me to find her. But someone▯or some Thing▯is blocking my special gift. So this time, I'm going to have to do my job the hard way. And quickly, or the Griffin will have to choose a new heir!

Taylor is the name, John Taylor. My card says I'm a detective, but what I really am is an expert on finding lost things. It's part of the gift I was born with as a child of the Nightside. I left there a long time ago, with my skin and sanity barely intact. Now I make my living in the sunlit streets of London. But business has been slow lately, so when Joanna Barrett showed up at my door, reeking of wealth, asking me to find her runaway teenage daughter, I didn't say no. Then I found out exactly where the girl had gone. The Nightside. That square mile of Hell in the middle of the city, where it's always three A.M. Where you can walk beside myths and drink with monsters. Where nothing is what it seems and everything is possible. I swore I'd never return. But there's a kid in danger and a woman depending on me. So I have no choice▯I'm going home.

In the Nightside▯that hidden area in the middle of London where time stands still at three A.M. and the sun won't rise to refute it▯nightmares go walking in borrowed flesh, and not everything that looks back at you with human eyes is really human. I'm John Taylor, a PI with a knack for finding things, helping those the Nightside has chewed up and is about to spit out. All things considered, my life lately had been bright, even in this shadowy place. So it was only a matter of time before everything hit the fan. Walker▯the powerful, ever-present, never-to-be-trusted agent who runs the Nightside on behalf of the Authorities▯paid me a visit. He told me he is dying and that he, too, has a job for me. An important job. His.

With a new sheriff, The Walking Man, stalking the streets of the Nightside, preying on evildoers and indulgent party-goers alike, it falls to P.I. John Taylor to stop him before The Walking Man turns all of the Nightside into a wasteland. By the author of The Unnatural Inquirer.

New York Times bestselling author Simon R. Green returns to the Nightside with this landmark collection of short fiction. Welcome to the Nightside. It's the secret heart of London, beating to its own rhythm, pumping lifeblood through the veins of its streets and alleys hidden in eternal darkness, where creatures of the night congregate and where the sun is afraid to shine. It's the place to go if you're looking to indulge the darker side of your nature--and to hell with the consequences. Tales from the Nightside presents ten macabre mysteries that shine a dim beam into the neighborhood's darkest corners to reveal things that should never come to light. Take a walk with such deadly and dangerous denizens of the Nightside as Razor Eddie, Dead Boy, and Larry Oblivion as they encounter things even more inhuman and inhumane than they are. And join John Taylor, the PI with a knack for finding lost things, as he confronts Sir Francis Varney, King of the Vampires, in a novella-length adventure. There may be nothing to be afraid of in the dark, but there's plenty to be afraid of in the Nightside...

Once he was known as the angel Remiel, but generations ago Boston PI Remy Chandler chose to renounce Heaven and live on Earth, where he found a secure place among us ordinary humans▯. Though he may appear human, Remy has always been able to rely on Remiel▯the embodiment of his angelic nature▯whenever the situation calls for it. But now his human and angelic natures are sharing the same space, and Remy can feel himself becoming more and more volatile, no matter how hard he tries to control it. Then Ashley Berg, a young woman who is like a daughter to him, vanishes without a trace. Dropping everything, Remy plunges into a frantic search for her, hoping all the while that her disappearance has nothing to do with him▯or what he is. But his hope is short-lived. A once-formidable sorcerer has taken her. The man wants vengeance against those he believes have wronged him▯and Remy will be the instrument of his wrath▯or Ashley will most certainly die.
