With Think Like a Chef, Tom Colicchio has created a new kind of cookbook. Rather than list a series of restaurant recipes, he uses simple steps to deconstruct a chef's creative process, making it easily available to any home cook. He starts with techniques: What's roasting, for example, and how do you do it in the oven or on top of the stove?

**Think Like a Chef by Tom Colicchio: 9780307406958 ...**

Real cooking, Colicchio taught me in his book Think Like a Chef, isn't about learning to follow recipes to the letter, just like real art isn't created by following a paint-by-numbers coloring book. Get bogged down in the minutiae of a recipe, and you lose sight of what really matters: the food that results.

**Cookbook Love Letter: Tom Colicchio's Think Like a Chef ...**

"How a chef thinks about food" is the phrase Colicchio uses in his preface to describe what follows, and "Think Like a Chef" certainly delivers. In 2000, when the book was first released, Tom Colicchio was the successful chef of Gramercy Tavern who had attracted a loyal following among the Foodies of New York, but he was nowhere near the celebrity he is now.

**Think Like a Chef: A Cookbook: Colicchio, Tom ...**

A chef not only knows what to do, but why it's done. They invest the time to develop a deep understanding of ingredients, tools, and processes. They know why certain ingredients work well together, how to use their tools effectively (like choosing the right pan to sauté vs. fry), and what processes to follow to achieve the outcome they want.

**Think like a chef: how to use a design system | by ...**

Think Like A Chef by Tom Colicchio "God, my feet are killing me", "If that commis messes up again he's out the door", "Wow, who's the new waitress". Just some of the thoughts that probably pass through the mind of your average chef on any given day.

**Think Like A Chef by Tom Colicchio - cookbookreview.blog**

Be advised - Think Like A Chef is not a traditional cookbook. Do not expect to buy a 250+ page book with 250+ recipes. That said, this is a wonderful book for someone who wants to understand how to cook without being a slave to recipes (i.e. cook and think like a chef). Colicchio accomplishes this in several ways.
